

Hi. My name is Luna. I am an adorable, energetic young dog that is looking for a new forever home. I am about 1.5-2 years old, up to date on all my vaccinations, spayed, and around 55 pounds. I try to control myself, but my energy level is a bit too much for my current family with three young children and two working parents. I get bored and tend to jump their 4 foot fence.

I love playing tug and seem to have a strong prey drive. I am ok with fetch. I am terrific with other dogs, and children, and well, frankly people in general, but because of my strong prey drive, I might not be suitable for a home with cats.

I am a good dog, and would love additional training (maybe in agility or flyball or lure coursing?). I like to work. I have a great solid place command and a good recall and have been E collar trained. I love to jump and run! Sometimes, even though I seem confident, I might submissive pee when meeting someone new, but I think with a little confidence building, I can get over that quickly!

Might you be interested in adding me to your home? If so, please contact my current owners at 314-640-1847. I look forward to meeting you!
